### Reducciones en el coste o exenciones

De acuerdo con su política de asistencia financiera, UNITAR emite un número limitado de reducciones en el coste o exenciones a los participantes de países de bajos y medianos ingresos, con la prioridad asignada a los participantes de los países menos desarrollados. Por desgracia, UNITAR puede no ser capaz de responder favorablemente a todas las solicitudes, sin embargo, los trabajadores que trabajan en las Naciones Unidas, organizaciones regionales o internacionales, independientemente de su nacionalidad no son seleccionados para la reducción de coste o exención.

### ANTECEDENTES

UNITAR is delighted to start the new "International Law in Focus" workshop series that will explore cutting-edge legal topics.

The first topic to focus on will be the Law of the Sea as governed by the United Nations Convention on the Law of the Sea (UNCLOS). The Law of the Sea touches not only upon matters of state's responsibilities and ability to use the

world's oceans, but also refers to important environmental matters and addresses questions of the use of marine natural resources. With major trading routes leading over the earth's oceans, the economic and business aspects are of keen interest to states and the private sector alike.

## OBJETIVOS DEL EVENTO

At the end of this session participants will be able to:

- Explain key actors and instruments of the International Law of the Sea;
- Describe the historic development and current challenges of the Law of the Sea;
- Outline the dispute settlement mechanisms available under Law of the Sea.
