### Reducciones en el coste o exenciones

De acuerdo con su política de asistencia financiera, UNITAR emite un número limitado de reducciones en el coste o exenciones a los participantes de países de bajos y medianos ingresos, con la prioridad asignada a los participantes de los países menos desarrollados. Por desgracia, UNITAR puede no ser capaz de responder favorablemente a todas las solicitudes, sin embargo, los trabajadores que trabajan en las Naciones Unidas, organizaciones regionales o internacionales, independientemente de su nacionalidad no son seleccionados para la reducción de coste o exención.

### ANTECEDENTES

UNITAR is delighted to start the new "International Law in Focus" Workshop Series that will explore cutting-edge legal topics.

The second topic to focus on will be International Humanitarian Law and Cyber Warfare. War remains a matter of

great concern to humanity. Recent conflicts have demonstrated that the ravages of war continue to have a devastating impact especially on the civilian population. With the increasing amount of states developing military cyber capabilities, the interplay between the “cyber” and “real” realm of war needs to be addressed. Through the course of 3 e-workshops participants will explore methods and means of cyber warfare, and learn to distinguish between the applicability of international humanitarian law to cyber operations in international armed conflicts and non-international armed conflicts.

## OBJETIVOS DEL EVENTO

At the end of this session, participants will be able to:

- Describe the main rules of international humanitarian law and differentiate between those which apply to the cyberspace and the others;
- Apply the main rules governing international humanitarian law to cyber-warfare;
- Explain the link between Human rights and the cyber realm.

## CONTENIDO Y ESTRUCTURA
