BACKGROUND

Unitar is a leading provider of training and research for the United Nations system. It has been instrumental in the development of the 1.35 billion people in the world who are now living in urban areas. Unitar has been instrumental in the development of the 15 to 29 million people who are now living in urban areas. Unitar has been instrumental in the development of the 3 to 5 million people who are now living in urban areas (United Nations, 2018).

Unitar has been instrumental in the development of the 15 to 29 million people who are now living in urban areas. Unitar has been instrumental in the development of the 3 to 5 million people who are now living in urban areas (United Nations, 2011-2020).

Unitar has been instrumental in the development of the 15 to 29 million people who are now living in urban areas. Unitar has been instrumental in the development of the 3 to 5 million people who are now living in urban areas (United Nations, 2011-2020).
