BACKGROUND

IMPORTANT: Please register directly on the course website: http://uncccelearn.org/

The event focuses on leading in the area of climate change and environmental protection. It is designed to provide a practical understanding of the current challenges and ways to address them. The program aims to equip participants with the knowledge and skills needed to lead effectively in this field. It is relevant for anyone interested in environmental issues and willing to contribute to the cause of sustainability.

The event is part of a broader initiative led by UNDP and supported by partner organizations such as the Swedish Development Cooperation (SIDA). The initiative is designed to empower leaders and decision-makers to take action on climate change and environmental issues. The event is led by an expert in the field, Kit Nicholson.
