BACKGROUND

The 3-day conference is comprised of meetings, debates and seminars with guests from Poland and abroad. The idea is to connect European investors and stake-holders from all levels of government, encourage the value of community and cooperation, as well as to establish the directions of Europe's social and economic progress.

EVENT OBJECTIVES

Experts shared their views on the future of the continent. The inaugural session was devoted to the issue of European economy in the face of its social challenges.

CONTENT AND STRUCTURE

The conference is comprised of 150 presentations, 1000 speakers and around 12.5 thousand participants, including over 750 media representatives; three days of the largest debate of its kind in Central Europe, speakers from all over the world.

METHODOLOGY

This conference is comprised of meetings, case studies and discussion panels.

TARGETED AUDIENCE

European entrepreneurs, experts, central and local governments representatives.
